Meet 2020-2021 Class Member | **Vaughn Jones** | Sundog

I was born on November 27, 1995. I graduated high school in the summer of 2014, before joining the Marine Corps on September 22 of that year. During my time in the Marine Corps, I was assigned to the 1st Marine Logistics Group, 1st Supply Battalion located in Camp Pendleton, California.

During my time in the Marine Corps, I learned valuable skills that would be directly correlated to my career options available to me after my enlistment. I had the opportunity to serve my country honorably and with pride that any veteran understands.

After my enlistment, I was employed in DeKalb and Chicago, before beginning my tenure at Sundog IT, Inc. in downtown DeKalb. During my time at Sundog, I have been exposed to various opportunities to grow and learn about my field. I have installed phone systems, resolved priority issues for clients of Sundog, and earned certifications that promote my knowledge on the systems we support and will support in the future.

My goals for my future include continuing my education in my career field to make a more valuable asset that can be relied upon by my peers. My priority at my current role is to make the resolution to your issue with your computer as convenient and seamless as possible, to limit downtime for your business and its employees, and to earn your trust that I am a dependable technician and am knowledgeable at my role.
